Cobra with Red Dot  
Specially designed stickers let you select the phaser's colour

Cobra with a red sticker attached

## Special

For every 12 Cobras ordered, get a free spares kit. Valued at \$288 each

## ACCESSORIES ON SALE

- Master Controller.** This is a portable device that controls everything. It can start/end everyone, set game times, and much more! \$890 each, includes a re-chargeable battery.
- Battle Box.** This ingenious box lets gamers respawn or resupply ammo for themselves. Normally you would place one battle box in each team's base. The box can do timed re-spawns and/or ammo, a fixed number of re-spawns and/or ammo reloads per game, or unlimited number of re-spawns/reloads. \$800 each includes re-chargeable battery.
- Head-wraps.** These are great for hygiene - they go under the headbands. Each gamer gets a fresh head-wrap, designed to be commercially washed/dried. Colours/Patterns: Marpat & Cadpat only \$2.50 each.
- Cobra Spares Kits.** A basic spares kit for easy maintenance, including items such as a spare display, sensor, buttons, LEDs, and switches. \$288 each.
- Battery Chargers.** This is a versatile commercial-grade battery charger. Simple push-button programming. Built in cooling fan for extra efficiency. \$139.80 each includes custom jack connector (so you don't have to take the batteries out of the phaser to re-charge).
- Prices are in Australian dollars ex-GST.
